

the galleries of the pavilion a striking kaleidoscopic view of a moving mass of humanity, made gay by the predominance of feminine attire. With a rush and a sweep the throng would pass through the gates and lose itself in the ocean of humanity on the inside. Long after one would have thought the capacity of the resort taxed to its utmost, was this process repeated and yet there was always room for the celebrators to move about comfortably and choose the form of enjoyment which most appealed to them—bathing in many cases excepted.

Speaking Is Omitted.

It had been the intention of the committee in charge to have a programme of speaking in the dancing pavilion, but it was put over until the large crowd of the evening should arrive, and

then the crowd was so large that a programme of speaking was entirely out of the question. The dancers had the floor, the crowd generally was too busy with other amusements to have its attention attracted by anything in a special way, and it would have been impossible, anyway, to have reached but a small portion of the crowd with speaking had it taken place. According to the program arranged, Chairman Thomas Homer of the entertainment committee, was to have explained the origin and aims of the Real Estate association, and Senator Thomas Kearns, Governor Heber M. Wells, Mayor Morris, Fisher Harris, Samuel Newhouse, James C. Leary, Judge W. H. King and others were to deliver addresses in which Salt Lake City's glowing future would undoubtedly have played an important part. The people who were there missed a great deal of charming eloquence and important truths to which a smaller crowd would doubtless have had the pleasure of listening, but as everyone who was there was engaged in boasting for Salt Lake City it is possible that the loss will be made up in some other way.

Chairman Homer's Views.

Chairman Homer of the general committee, in speaking to a Tribune representative of the work of the Real Estate association, said: "Organized less than a year ago, the association has already, as this great celebration so emphatically demonstrates, accomplished a great deal in blending conflicting interests into a harmonious whole. Heretofore the business interests of Salt Lake City have been to some extent pulling apart; now they are burying their hammers and combining in the cause of working for a greater Utah. A great many enterprises are knocking at the door of this city and need only a little encouragement to come in, thus adding greatly to the city's payroll and stimulating trade generally."

Large Packing Company.

"One of the greatest industries at this time about to be organized is a large packing company. As is well known the packing industry is the foundation stone of such cities as Chicago, Cincinnati, Kansas City and Omaha, and there is no reason why Salt Lake City should not have the largest packing plant in the United States, thereby saving the shipping of cattle, hogs and sheep on the hoof to Chicago and shipping it back again in dressed form, with the freight to pay both ways. This city's location, 700 miles from Denver, about the same distance from San Francisco, and with virtually an unlimited territory north and south, gives it a field for this in-

human beings, and spared the woman cast to them in the arena. It is astonishing how little sympathy women have for women. In the home the mistress sees the maid with the signs of suffering she recognizes so well, but she does not lighten the sick girl's load by a touch of her finger. In the store the forewoman sees the pallor and exhaustion which mark womanly weakness, but allows nothing for them. It is work or quit.

\$500 REWARD FOR WOMEN WHO CANNOT BE CURED.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, Female Weakness, Prolapsus, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

They have the most remarkable record of cures made by this world-famed remedy ever placed to the credit of any preparation especially designed for the cure of woman's peculiar ailments. Dr. Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

dustry such as no other city has. Already a corporation is being formed with a capital of \$1,000,000, which is to take hold of the industry here and it is expected that it will begin operations not later than this fall.

To Inform Eastern Capitalists.

"It is to acquaint eastern capitalists with the needs and advantages of Salt Lake City, to the end that other industries of like value may be attracted to the city, that the Real Estate association has been organized and is carrying on this work. With the completion of the San Pedro and Moffatt roads, both of which are now assured, the city's trade territory will be greatly increased, and there is every reason for every Salt Laker to put his shoulder to the wheel and help push."

"It is a fact that Salt Lake City real estate, from a speculative standpoint, offers more advantages than that of any other city west of the Missouri river. Good business properties can be bought here for \$200 a front foot which in Los Angeles under the same condition could not be touched for less than \$700 a foot. Investors in the coast city are satisfied with investments which make them two and three per cent on the dollar, while here the same class of investments will net them fully

seven per cent. It only remains for capital to be made acquainted with conditions such as these, which actually exist, to attract it in this direction, and there is no doubt that the next two years will see an advancement of from 100 to 150 per cent in the values of Salt Lake real estate. We have heretofore labored under peculiar conditions, mainly our own apathy in boosting for the city, but the Real Estate association expects to overcome the untoward condition and to do business in Salt Lake City on the merits of the situation."

In attendance at the Real Estate celebration and taking as lively a part in the festivities as almost any one else was a female mascot in the person of "Aunt" Jane Elizabeth James, 91 years

old, who told with great gusto of having danced with Brigham Young on the occasion of the first celebration held by the pioneers after their arrival in the Salt Lake valley. Aunt Jane, who is colored, was a favorite servant in the Young family and it is related that at the celebration at Big Cottonwood on July 24, 1857, the prophet jokingly took her on the floor and led the first dance with her. At the conclusion of her account of the circumstance, told to a number of friends at Saltair yesterday, the aged negress executed a "wing" step with remarkable agility, to show that she had not forgotten how to dance. She was accompanied to the beach by her brother, Isaac L. Manning, who is two years younger than his sister. Both of these venerable colored people were servants in the household of the prophet, Joseph Smith, at Nauvoo, Ill. Manning claims that he was in the kitchen of the home when Joseph

PROHIBS ARE IN COUNCIL

National Convention in Session.

Mention of Name Gen. Miles in Opening Address Caused Burst of Applause.

National Chairman Stewart in a Speech Launches a Shaft at Polygamy.

INDIANAPOLIS, Ind., June 29.—The National Prohibition convention completed its organization today and adjourned until tomorrow at 9:30. The new National committee was selected at state meetings and organized by re-electing Oliver W. Stewart of Chicago, chairman, and J. A. Tate of Harriman, Tenn., secretary. A majority of the new committee is opposed to the nomination of General Miles for President and favors a single issue.

Miles Meeting Held.

A Miles meeting this evening was attended by four hundred delegates and was enthusiastic. John G. Woolley announced it as his belief that General Miles would accept if nominated, though he admitted he did not know he would accept. The anti-Miles following which seems to have a majority of the delegates, has not agreed on any one candidate. Oliver W. Stewart, National chairman, is mentioned, but as he is a candidate for re-election to the Illinois Legislature and has a salary of \$3000 as National chairman, it is not certain he will agree to make the race.

Committeemen Against Miles.

Officers of the National committee said today that a majority of the committee believed that the nomination of General Miles would be fatal to the party, as he was a Democrat and would not control the entire party vote and those opposed to him would fight the nomination to the last ditch.

Building a Platform.

The resolutions committee was in session from early in the afternoon until a late hour tonight without coming to a final agreement. A sub-committee of thirteen agreed upon a platform, after a session of seven hours and submitted it to the general committee tonight, which went over it for several hours.

Called to Order by Stewart.

The convention was called to order by National Chairman Oliver W. Stewart of Chicago. In introducing the Rev. George H. Peck of Sandusky, O., to make the opening prayer, he said:

"There is one convention where the opening prayer is not a mock formality and it is now about to be opened. W. S. Doan of Indianapolis, next welcomed the delegates on behalf of the Prohibitionists of Indiana. When he mentioned the name of Gen. Miles there was a burst of applause."

Talks About Polygamy.

National Chairman Stewart, in a brief reply, said the convention just assembled was the only one that had a real issue to present to the American people. He then introduced Homer L. Castle of Pittsburg, temporary chairman of the convention. Mr. Castle said in part:

"That canker worm of the West, polygamy, today holds at bay our United States Senate, and its power is so great that the greatest lawmaking assemblage of this country, composed of Republicans and Democrats, dare not strike because polygamy has said there is a national election at hand."

His View of Matter.

"This problem must be solved by a braver lot of men than Republican or Democratic Senators. The homes of our land have stood for years at the doors of Congress asking for such a uniform system of marriage and divorce laws as will protect the sacrament of marriage. It has been treated with sympathy with scant courtesy, but with no courtesy at all. This problem of indissoluble home life is one of our legacies."

was killed in an upper room, and that he dug the grave in which the prophet's earthly remains were placed. Both of the old people are remarkably well preserved.

Some ingenious person inaugurated a smooth graft yesterday by selling bogus tickets for the real estate men's excursion. During the early part of the afternoon Policeman Davies ran across two bogus tickets which exactly resembled the official tickets except that

WALKER'S STORE

Half Prices For the Loveliest of Thin Summer Dresses

Entire Collection of Organdies, Lawns, Mull, Net SALE BEGINS TODAY

An assembly of beautiful gowns, the dainties which a very few weeks ago drew thousands to the windows. The materials are Organdies, Tulle, Silk Mull, Lawn, Point d'Esprit, Net, all white, all black and delicately printed colors, on net and mull. In addition to either of these, giving a crayon enlargement from any photo, when you have purchased goods from us to the amount of \$3.00, any time within the next month. (No premiums on special sale shoes.)

THE AGGRESSIVE HOUSE,

BARTLING'S NEW YORK CASH STORE

SUCCESSOR TO THE LACE HOUSE.

Enlarging Post at Idaho Capital

Special to The Tribune. BOISE, Ida., June 29.—Orders have been received by Capt. D. L. Tate of Boise barracks stating that Maj. Reuben B. Turner has been directed to come to Boise to assume charge of the erection of the new post building and the enlargement of the capacity

of the local post. He is expected to arrive within the next week or two, and work will probably begin without much further delay.

Maj. Turner for some time past has been in charge of the construction work at Fort Des Moines, Ia., but has now been ordered relieved from his duties there and as soon as the large amount of Government property can be checked over to his successor he will come to Boise. The appropriation of \$248,000 for the enlargement of the local post has been formally approved by the Secretary of War, and it is anticipated that work will begin without great delay as soon as Maj. Turner has looked over the ground and arranged his details.

THUNDER MOUNTAIN BY AUTO

Special to The Tribune. AMPA, Ida., June 29.—Mr. L. C. Van Riper, president of the Wardenhoff mines in Thunder Mountain, will arrive here with his son tomorrow and together they will at once start for Thunder Mountain in an automobile. Nearly a month ago Mr. Van Riper distributed gasoline along the route for the trip. A very heavy thirty-six horse power motor will propel the machine. This will be the first automobile to make this trip.
